Guarantee	5 years standard, upgraded to 15 years if registered
Outlets	Yes

Product Code: CO210

DESCRIPTION

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS manual valve in chrome is a great option for your one way shower set up as it allows you to control the water temperature and its flow. Its curved design will also match all the chrome shower products within the COS collection.

Controls only one shower component, for example either a shower head, a shower handset, or a bath spout or filler.

TECHNICAL DRAWING

Saneux reserves the right to alter the specifications and product range without prior notice. Dimensions are given as a guide only. Dimensions should not be used for surrounding furniture, fixtures and fittings until the product is on site.
