DESCRIPTION

The PRAGUE range stands out from the rest with its functional and sophisticated design.

The PRAGUE wall hung pan has a modern curved design that will work well in smaller bathrooms and cloakrooms with it's short projection of 51cm. It also has a rimless flush which prevents grime and bacteria from harbouring in the pan and makes cleaning easy with its smooth rim.

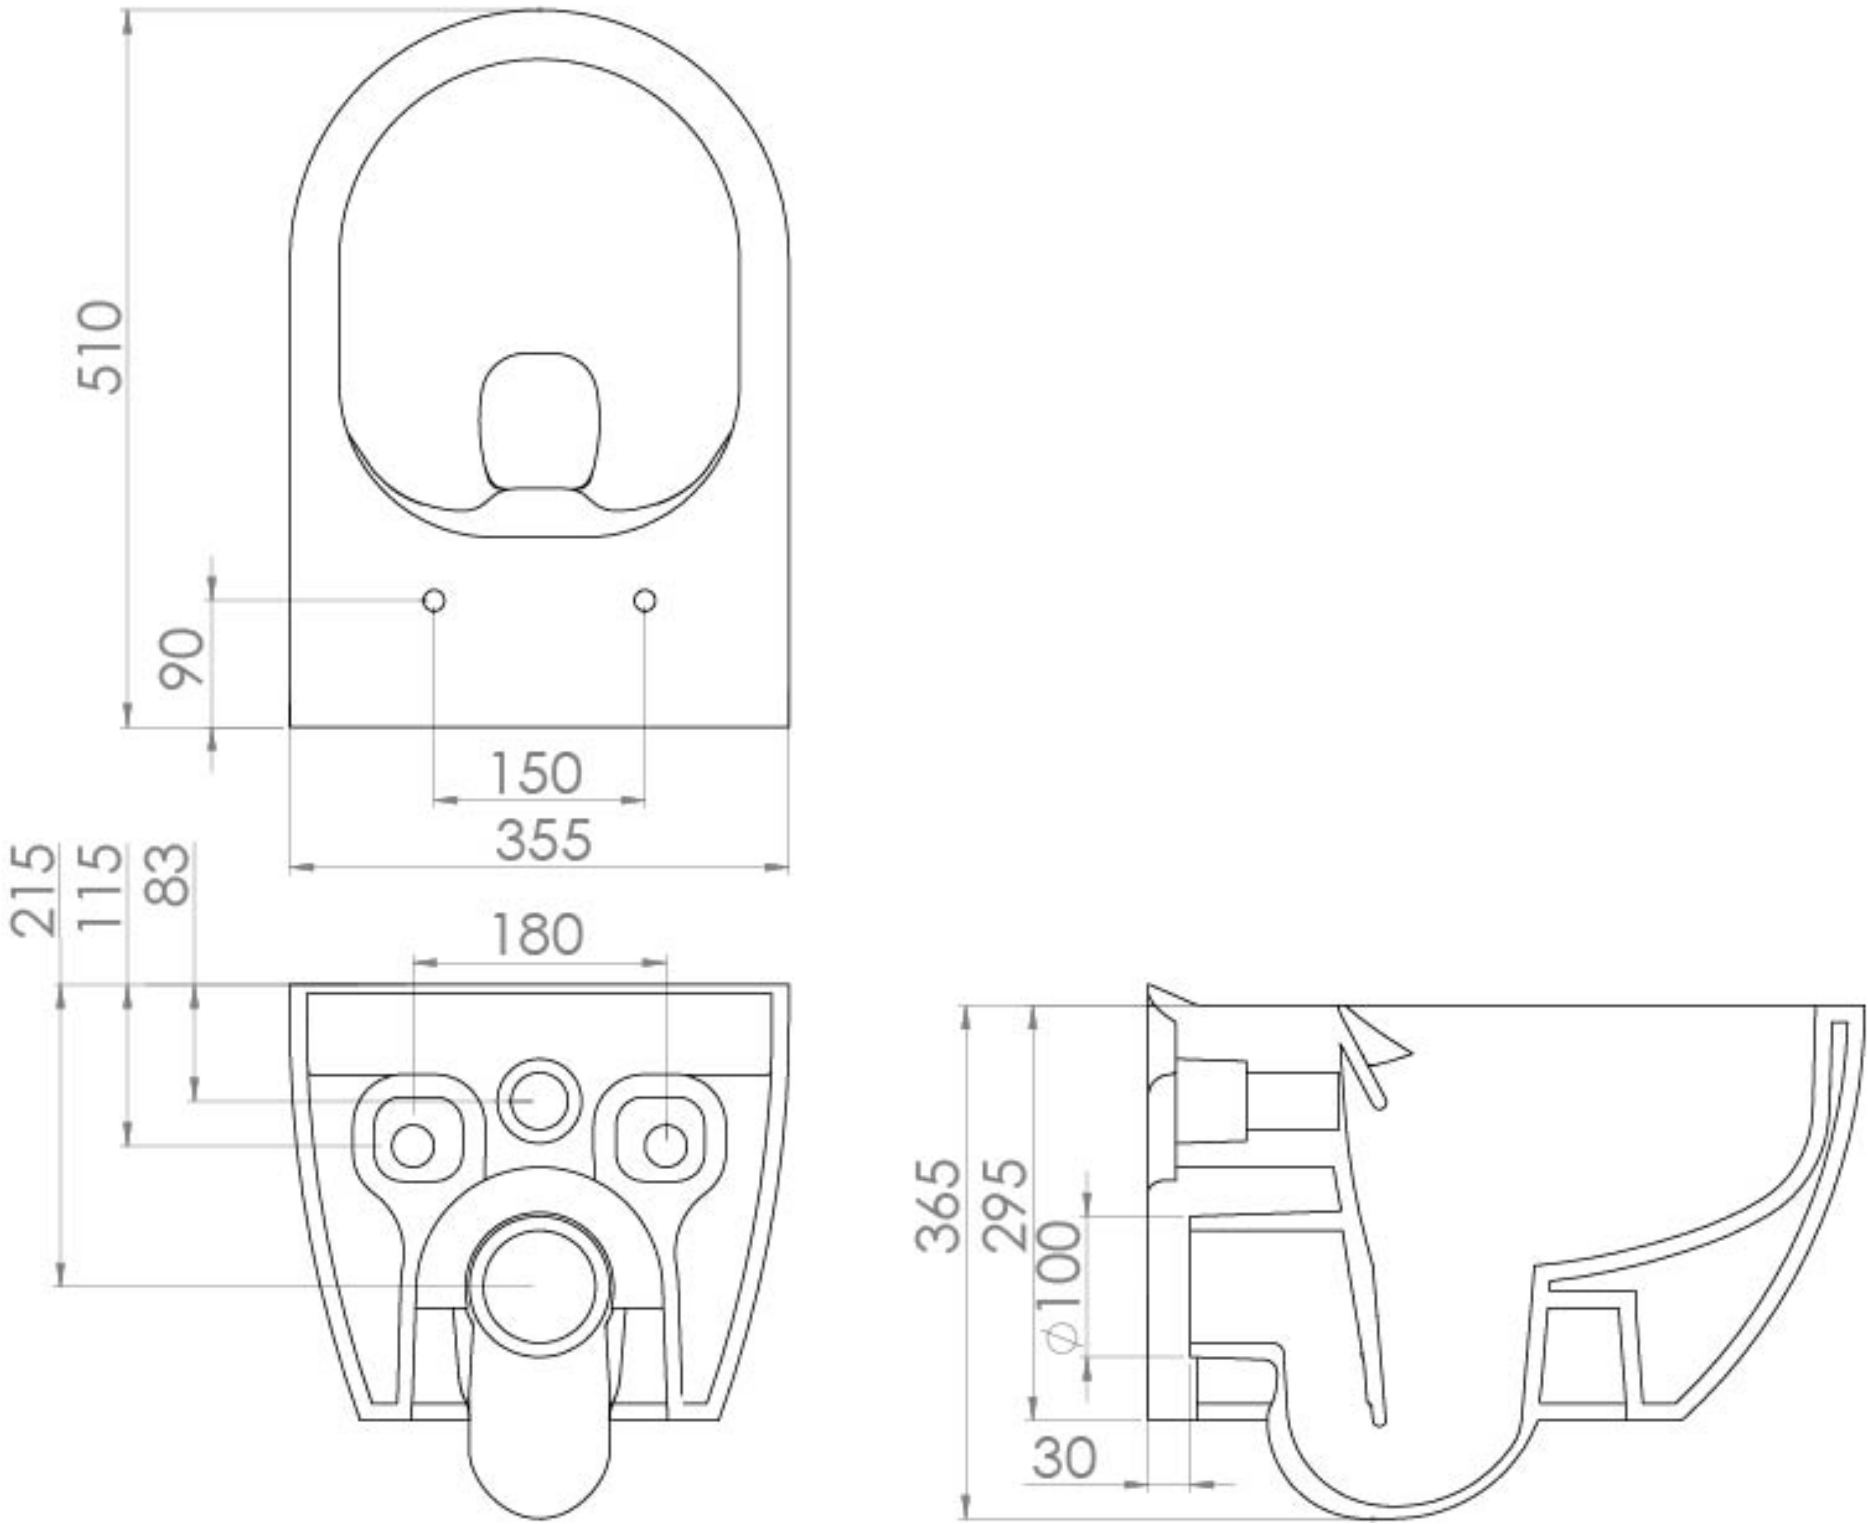

Create a tidy bathroom space and opt for a wall mounted pan; you can hide the framed cistern by having it built into the wall or a WC unit as well as save on floor space.

*Seat sold separately
Compatible seats: PR092, PR098

For optimal performance, we recommend pairing wall mounted rimless pans with a high-level concealed cistern set at 6/3lt flushing.

See our FLUSHE 2.0 range for compatible WRAS approved concealed cisterns.
