DESCRIPTION

The TOOGA brassware collection features products that will be the focal point of any bathroom with its sharp, sleek lines.

This TOOGA handset in matte black has 3 functions so you can adjust the type of spray you want for your shower when you press the integrated button. The 3 functions are a precise spray with only the inner nozzles, a softer rainfall spray with just the outer nozzles, and the third is a combination of the two.

Pair it with our TOOGA outlet elbow & holder in addition to a shower head, or on its own with a slider shower rail to make a standalone shower.
